SUBJECT: City to host public meeting for construction project on East Superior Street

BY: Kate Van Daele, Public Information Officer

City to host public meeting for construction project on East Superior Street

[Duluth, MN] The City of Duluth is preparing for construction on East Superior Street between 45th and 60th Avenue East that will take place later this year. A virtual public meeting will be held on Thursday, January 28, at 4:00 p.m. to review project information, answer questions, and obtain feedback from attendees.

This reconditioning project is primarily intended to preserve the life of the existing roadway. Project work will upgrade the curb-to-curb pavement condition while upgrading intersection curb ramps and existing sidewalks to meet the standards of the Americans with Disabilities Act (ADA). Design engineering will be conducted in-house by the City of Duluth.

This project will be financed by the City of Duluth through federal and Minnesota state aid funds. Given the availability of these non-local funds, property owners will not be assessed to pay for this project. Additional information about the East Superior Street Reconditioning Project can be found on the city's website at <https://duluthmn.gov/engineering/current-projects/ESuperiorSt>.

The public is invited to submit comments or questions before or after the public meeting. Public comments can be emailed to planning@duluthmn.gov. All comments must be submitted by February 13, 2021.
